MIJAS – MARBELLA

About CaboRoyale

CaboRoyale is a stunning new development of villas, located between Mijas and Marbella. This prime land neighbours an 18-hole golf course and is within easy walking distance of Cabopino's beautiful golden sands and marina.

The 21 independent contemporary villas are southerly facing, bordering an area of protected greenery. All provide sea views that are maximised by an arrangement that follows the natural flow and topography of the land.

The image is a promotional graphic for CaboRoyale villas. It features a large, semi-transparent orange rectangle in the center containing text and a bulleted list. The background is a composite of two photographs: the left side shows an outdoor dining area with white chairs and tables under a covered terrace, and the right side shows a lounge area with a large white sofa and a view of the ocean at sunset. The overall aesthetic is modern and luxurious.
